Presenter

Sarina Viljoen is an
enterprise
architecture
consultant from
Real IRM. She is
TOGAF™ 9 and Zachman™
certified. She is an innovative
business and IT professional, a
strategic thinker, speaker and
trainer with solid experience in
Enterprise Architecture (EA).
Her background, network and
experience serve her well in her
consulting engagements, where
she actively practices
architecture to facilitate
organisational change and to
assist organisations with their
specific needs given their
maturity and level of executive
engagement. As a regular
contributor to the development
of TOGAF™, she has been
instrumental in framing today's
thinking of what enterprise
architecture is.

Overview

The Open Group, a vendor- and technology-neutral consortium focused on open standards and global interoperability within and between enterprises, announced the general availability of TOGAF™ version 9 on 2 February 2009.

TOGAF 9 provides an Architecture Development Method, Content Framework and Capability Framework that can be used as the basis for creating an organisation's enterprise architecture. It has been built up over several years through open participation and collaboration between leading industry practitioners. In addition, TOGAF 9 provides a variety of tools, building blocks and resources that facilitate the process and enable the design and development of enterprise architecture across four domains; Business, Data, Applications and Technology.

TOGAF is an industry standard EA framework that is available free of cost to any organisation wishing to develop an enterprise architecture for use within that organisation. More than 60 percent of the Fortune 50 and 80 percent of the Global Forbes 50 use TOGAF to reduce time, costs and risks associated with developing an EA and improve overall business agility. TOGAF certification programs exist for individuals, trainers, professional services, and tool support. These programs enable organisations to standardise on an open method for IT architecture and avoid lock-in to the proprietary methods of major vendors.

Learning Objectives

Foundation - Level 1

Upon completion of this two-day seminar, the delegate will understand the TOGAF 9 framework and how to practically apply it in support of the design and implementation of enterprise architecture. It will provide an overview of TOGAF 9 and will introduce the delegate to all the components of TOGAF 9. The terminology, structure, and basic concepts of TOGAF 9 will be covered as well as the core principles of Enterprise Architecture and TOGAF. **The course prepares delegates for The Open Group's Level 1 TOGAF 9 certification examination.**

Certified - Level 2

This three-day seminar and workshop includes the benefits of using TOGAF to create well-designed enterprise architectures. Delegates also learn the practical application of the TOGAF 9 framework, building on the foundational knowledge and comprehension of Level 1, using practical scenarios to enforce concepts. **The course prepares delegates for The Open Group's Level 2 TOGAF 9 certification examination.**

Seminar & Workshop Outline

Foundation – Level 1

This two-day course consists of detailed instruction on The Open Group Architecture Framework (TOGAF) Version 9 in accordance with The Open Group's Level 1 TOGAF 9 certification requirement.

- TOGAF Concepts
- Architecture Views, Viewpoints & Stakeholders
- Building Blocks
- Architecture Governance
- ADM Phases
- ADM Deliverables
- ADM Guidelines & Techniques
- Enterprise Continuum & Tools
- TOGAF Reference Models

The TOGAF Level 1 certification examination is a closed book online examination that is administered by The Open Group. The examination consists of 40 multiple choice questions that validates the candidates knowledge and comprehension of TOGAF 9. The examination duration is one hour.

Delegates have the option of taking the exams at the end of the course or receive a certification examination voucher to complete the required TOGAF 9 certification examination at a Prometric centre.

All delegates will receive:

- TOGAF 9 Foundation Student Manual (to prepare for certification exam)
- TOGAF 9 Pocket Guide
- 2 hour eLearning module
- TOGAF 9 Foundation Certification Examination Voucher

Certified – Level 2

This three-day course consists of detailed instruction on The Open Group Architecture Framework (TOGAF) Version 9 in accordance with The Open Group's Level 2 TOGAF 9 certification requirement.

- ADM Phases & Steps
- Migration Planning Techniques
- Stakeholder Management
- The Architecture Repository
- Guidelines for Adapting the ADM
- Architecture Content Framework
- Implementation Support Techniques
- TOGAF Reference Models

The TOGAF Level 2 certification examination is an open book online examination that is administered by The Open Group. The examination consists of 8 scenario-based multiple choice questions that validates the candidates ability to apply TOGAF 9. The examination duration is 90 minutes.

For TOGAF 8 Certified Practitioners only taking Level 2 a bridging exam would be an additional component that consists of 20 multiple choice questions that validates the candidates knowledge and comprehension of TOGAF 9. The examination duration is 30 minutes.

Delegates have the option of taking the exams at the end of the course or receive a certification examination voucher to complete the required TOGAF 9 certification examination at a Prometric centre.

All delegates will receive
(If attending Level 2 only)

- TOGAF 9 Book
- TOGAF 9 Certified Certification Examination Voucher

It is not necessary for a TOGAF 8 CERTIFIED to take Level 1. Level 2 examination will automatically include a bridging exams. However, we do recommend that delegates do both Levels 1 and 2 as Level 1 provides an overview of TOGAF 9 and will introduce the delegate to all the components of TOGAF 9.
